

Tyre Brite Mat Mouse Mats

Tyre Brite Mats are rigid and hardwearing. Our Tyre Brite-Mat mouse mat offers a high quality product with the fantastic colour reproduction, typical of the Brite™ range of products.

That also means you are assured high quality, excellent value for money plus 100% perfect tracking for both optical and standard ball mice.

The Tyre Brite-Mat is a brilliant eco-friendly promotional item, made from 99.5% recycled materials, including over 40% recycled tyre material, plus recycled plastics and paper.

Standard colours:	N/A
Weight:	Rectangular Mats: 90g

Packaging

Number per carton:	125
Carton Dimension:	400 x 220 x 180mm
Carton Weight:	13Kg (40 boxes per pallet)
Standard Packaging:	Bulk/Flat packed
Alternative Packaging:	N/A

Recommendations & Limitations

Borders

There is the chance of slight movement from product to product so we would recommend avoiding having a border around the edge as part of the artwork because it is noticeable.

Ideal for: Longer term promotional campaigns (vetry long-lasting mats), IT Companies, Educational Organisations, Pharmaceutical, Recruitment or exhibition giveaways.

Tyre Brite Mats

Standard Sizes: Rectangle 240mm x 190mm. Custom shapes are NOT AVAILABLE in the Tyre Brite Mat.

1-4 colour/Full Colour Litho Print:

- All graphics should be supplied as high resolution CMYK files at a minimum of 300dpi. If you supply your Pantone references (in the Solid Coated range only), matching will be done as close as possible but will not be 100%.
- All design components must be supplied and clearly identified. This includes Tiff, EPS and PDF files; all printer fonts used in the main file & imported graphics.

Regardless of print method:

- Allow 5mm bleed all around the design.
- Artwork to be emailed with your order number and company name in the reference line or supplied on CD with same information clearly labeled.

Full detailed guidelines including limitations & recommendations are available for each printing method on request.

Pantone-matching is approximate.

QR Codes - Please note that the print process and substrates used in the production of this item may not always allow QR codes, if present on your artwork, to function correctly. When approving your proof, you are accepting that this may be the case and as such accept full liability for any malfunction of the QR code.

See the following page(s) for the artwork templates for this product.
